## CLIENT REFERENCES

## YOUR SAFETY IS OUR PRIORITY...

“ I would like to confirm how delighted we are with the way that the contract has been carried out. The pre-start meetings and all relevant paperwork (risk assessments and method statements) were concise and efficient... ”

CAROLINE SHANNON - BUSINESS MANAGER

“ Just writing to say a really big thank you for giving up your time last week in order to come and talk to the children of Hanborough Manor about your career. The children showed great interest in learning about the process, the materials and the labour involved in replacing our school roof. It was obvious from their questions and the length of time they kept you, that they were fascinated by your talk. The fact that you brought samples of materials and safety equipment for them to see really enhanced the visit... ”

NIKKI KELLY - CLASS TEACHER

“ I would like to thank you all for all the roofing work which has been carried out recently. We were very fortunate managing to get the whole of the school re-roofed, not only that, but it was done with the minimum amount of disruption to staff and students. The fact that it was completed four weeks early is an added bonus and your contractors were always very professional in school... ”

MADELEINE HARMAN - SCHOOL MANAGER

“ We would like to state that the staff at M&J Group were flexible and responsive to the needs of the school with excellent communication skills and site supervision. They also showed that safety of both staff and students around the site was a priority when considering their work schedule. There was daily communication between the school's site team and their site manager and the works were organised so that disruption was kept to a minimum ”

I would not hesitate to work with M&J Group again or recommend them to other establishments who were looking to have their roofs replaced... ”

MR P DODGE - SCHOOL BUSINESS MANAGER

“ THANK YOU ON FOR YOUR OUTSTANDING AND FAULTLESS ROOFING WORKS THROUGHOUT THE YEAR, WHICH TRULY HAS BEEN EXCEPTIONAL FROM PREPARATION THROUGH TO POST PRACTICAL COMPLETION... ”
